

1-Minute Maths free app

<https://whiteroseeducation.com/1-minute-maths>

Designed for use both in class and at home, our 1-minute maths app helps children build greater number confidence and fluency. It's all about targeted practice in engaging, one-minute chunks!

Check out these 7 top reasons for using 1-minute maths!

1. Excellent practice — and no distractions.
2. A clear, intuitive process that children pick up straight away.
3. No login or internet access needed. Just download and play.
4. Enjoyable and motivating... How many can they get correct in one minute?
5. Helpful hints match those used in class.
6. Brilliant for building number fluency and confidence.
7. It's **FREE!**

What's the app about?

This first version of the app is aimed at Key Stage 1 pupils (ie, age 5–6 years). Individual one-minute tasks focus on adding and subtracting — and on 'Subitising', the skill of instantly recognising the number of items in a group without counting. Multiplication and division topics are also now available!

How do we use it?

Children can choose any topic they want to try. They then answer a unique series of questions (so it's a different set of questions every time). If they're struggling with a question, a 'Hint' button will give a helpful clue by showing the question in a different but familiar way.

When the one minute's up, they'll see a feedback screen telling them how they've done.

Reception: Have fun with the 'subitising' activities. This is a critical number skill for young children to develop — instantly recognising the quantity of a small set of objects without counting them.

Year 1: First, check your child has mastered subitising. Then, move onto tasks focused on adding within 10, using number bonds and subtracting from and within 10.

Year 2: Initially try tasks focused on adding and subtracting, especially applying their knowledge of number bonds. Check your child's confidence with numbers to 10 before starting tasks to 20. Children will also be able to practise their multiplication and division skills.

Download onto a phone, tablet or kindle device for **FREE**:
